Alcohol	11.0%
Format	75 cl

### BORGOLINO

In the middle of the picturesque hills of the Marca Trevigiana, the Borgo Molino winery has had its home in the small village of Roncadelle since 1922. Experience and passion for the wine and for the Prosecco grape in particular characterize the family of Sergio Nardin. With his two sons Paolo and Pietro the 3rd generation has now taken over the helm of the family business Borgo Molino. Paolo, oenologist and responsible for the production, is assisted in the winemaking process by Andrea Artico, one of the most sought-after oenologists in the Veneto. The different soil conditions of the region and the exceptional climate in the hills around Ormelle allow the production of pearl and sparkling wines of particular elegance and finesse. The clay soil in the heart of the Lison Pramaggiore DOC wine zone, which borders on Friuli and Veneto, allows Borgo Molino to produce wines of great expression and character.
