DOMINIO DE QUEIRÓN

Dominio de Queirón is the project of the Pérez Cuevas family (Ontanon), which has been dedicated to the world of wine for four generations. The winery is located in the heart of the Barrio de Bodegas de Quel, a typical 18th century enclave that shows the historical importance of this town in La Rioja for wine production. Dominio de Queirón is the fulfillment of the dream of Gabriel Pérez, a winemaker who has been working on this project for more than a decade. Gabriel has acquired historic vineyards in the area of Quel, at the foot of the Sierra de Yerga, such as the centenary Garnachas from Finca El Arca to the high altitude Tempranillos of Finca La Pasada, which is one of the highest vineyards in the entire Rioja DOCa at up to 800 meters above sea level.
